

MEMBERSHIP REQUIREMENTS

POLICY: 301

The Membership of the Corporation shall be confined to those who are owners of real property served by Lakeview Light & Power Corporation. Only one Membership in the Corporation will be issued to any one person or entity, irrespective of the amount of real property owned by such Member. Spouses will be treated as one person for purposes of Membership in the Corporation. The term "owner" shall also include a purchaser under the terms of a recorded Real Estate contract. To become a Member, an applicant shall make an application to the Corporation, stating the location of the property to be served and the nature of service desired of the Corporation. If the Board of Directors approves the application, the applicant shall pay the Membership fee and whatever amount of service or hook-up charge the Directors have established and shall thereupon become a Member of the Corporation.

PROCEDURE:

1. The current Membership fee as set by the Board of Directors is \$100.00, and is non-refundable.
2. In the event that an existing Member should no longer be qualified to hold such Membership, it shall be the duty of the existing Member or the new Member to contact the Corporation in order that a transfer of Membership may take place.
3. In case of transfer of Membership, the new Member shall be subject to the same requirements as if he/she was the original Member requesting service to the property involved. All unpaid bills, fees and charges for property, including reconnection charges, must be paid in full before a transfer of membership or new Membership for that property will be approved.
4. A new Membership will not be issued to affect the evasion of a bill that has not been paid.
5. Only one Membership will be issued for each separate tract, lot, condominium unit, or other piece of property in the same ownership. When properties are divided, by subdivision or by condominium declaration, additional Memberships must be purchased for each parcel or condominium unit to the extent such new parcels are not already owned by a Member.
6. When properties upon which more than one Membership have previously been issued, come under common ownership, the multiple Memberships shall be canceled and one Membership issued for said property.
7. Acceptance of service, with or without a signed application or contract, shall subject the recipient to compliance with the terms of the applicable rate schedule and policies. Until such recipient signs an application or contract, the "Membership" will not be in good standing, and the recipient will not be entitled to a vote.
8. A Member will not be in good standing if: (1) a Membership application or contract has not been signed; (2) the Membership fee has not been paid; or (3) a Member has monies owing to the Corporation that are more than 90 days delinquent.

entitled to attend any meeting of the Corporation; (3) will not be entitled to door prizes, raffle prizes or other benefits offered at Membership meetings; (4) will not be entitled to any other benefit offered by the Corporation to its Members, such as any free month of power or patronage dividend; (5) connection of a tenant of such Member not in good standing may be refused; and (5) at the discretion of the Board, service may be disconnected at any or all meters under such Membership number. A Member not in good standing will remain liable to the Corporation for all unpaid balances, including amounts owed for all electricity consumption under such Membership number while a Member is not in good standing.
